Download the middle software “Citrix Online plug-in – Web”

The screenshot shows a web browser window displaying the Citrix website's download page for the 'Online Plug-in 12.3'. The page includes a search bar, navigation tabs for 'Downloads', 'Buy', and 'Support', and a list of download links. A 'Citrix Download Manager' window is overlaid on the left, and a 'Opening CitrixOnlinePluginWeb.exe' dialog box is overlaid at the bottom left. Red arrows indicate the flow of the process: from the 'Download Now' button in the manager to the download link on the website, and from the website link to the file opening dialog.

Citrix Download Manager

Download your file quickly and reliably

- Easy to use interface
- Reliable downloading of large files
- Pause and restart at your convenience
- Intelligent recovery of your connections

Click the secure download to install Download Manager and begin downloading your selected file automatically.

- Paste the link provided from Jill or whomever for TIMS in the address line of your browser.
- Select your email certificate (provided you are using a CAC reader – as you should be at this point)

The Link:

<https://pnsc-one.tranet.training.navy.mil/Citrix/AccessPlatform/site/default.aspx>

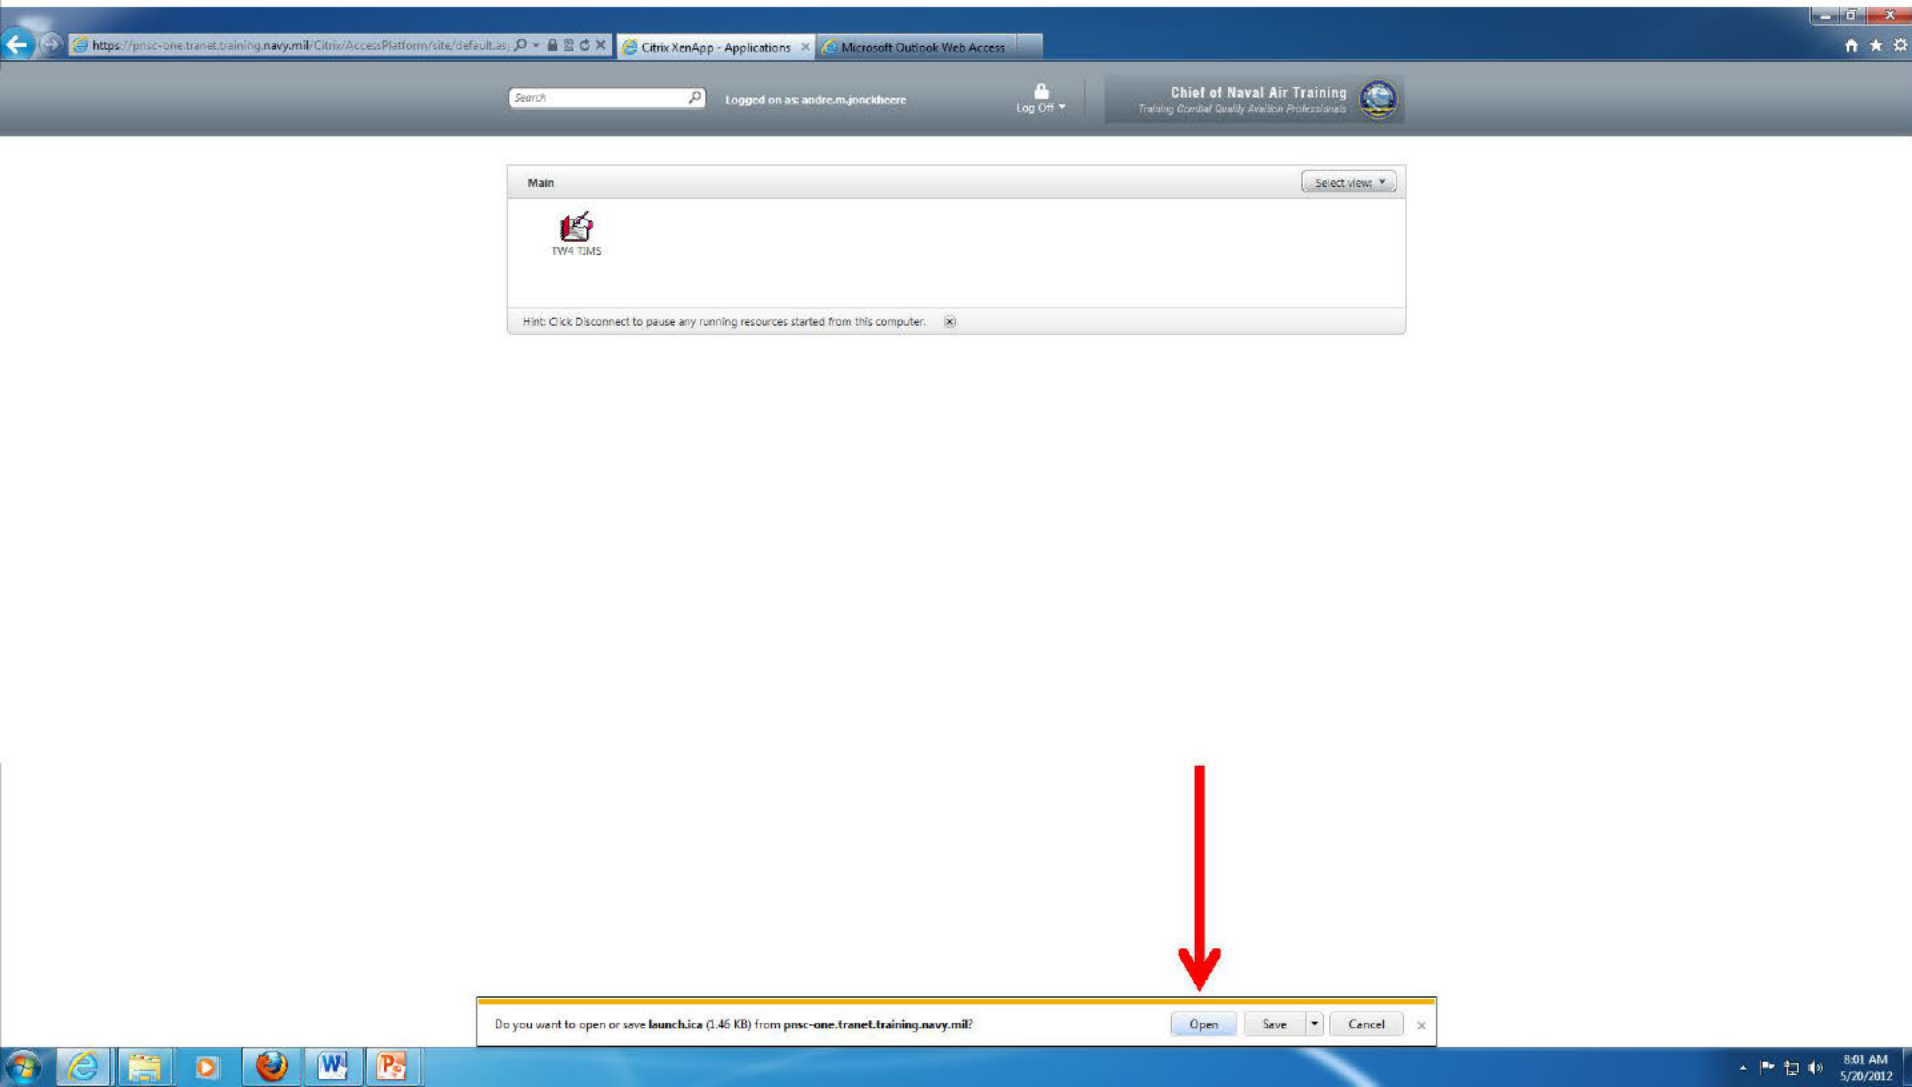

The screenshot shows a web browser window displaying the Citrix website. The browser's address bar shows the URL: <https://pnsc-one.tranet.training.navy.mil/Citrix/AccessPlatform/site/default.aspx>. The website header includes the Citrix logo, navigation links for Products & Solutions, Downloads, Buy, and Support, and a search bar. The main content area features a login section on the left and a download section for 'Online Plug-in 12.3' on the right. The download section includes the release date (4/16/2012) and a list of supported operating systems (Windows 7, XP, Vista, 2003, & 2008). A Windows Security dialog box is overlaid on the page, titled 'Select a Certificate'. It displays three certificates, each with a 'Download' button. A red arrow points to the bottom certificate, which is issued by 'DOB (BANE, CA-23)'. The Windows taskbar at the bottom shows the system clock as 8:00 AM on 5/20/2012.

You will be brought to this page. Double click on the “TW4 TIMS” icon.

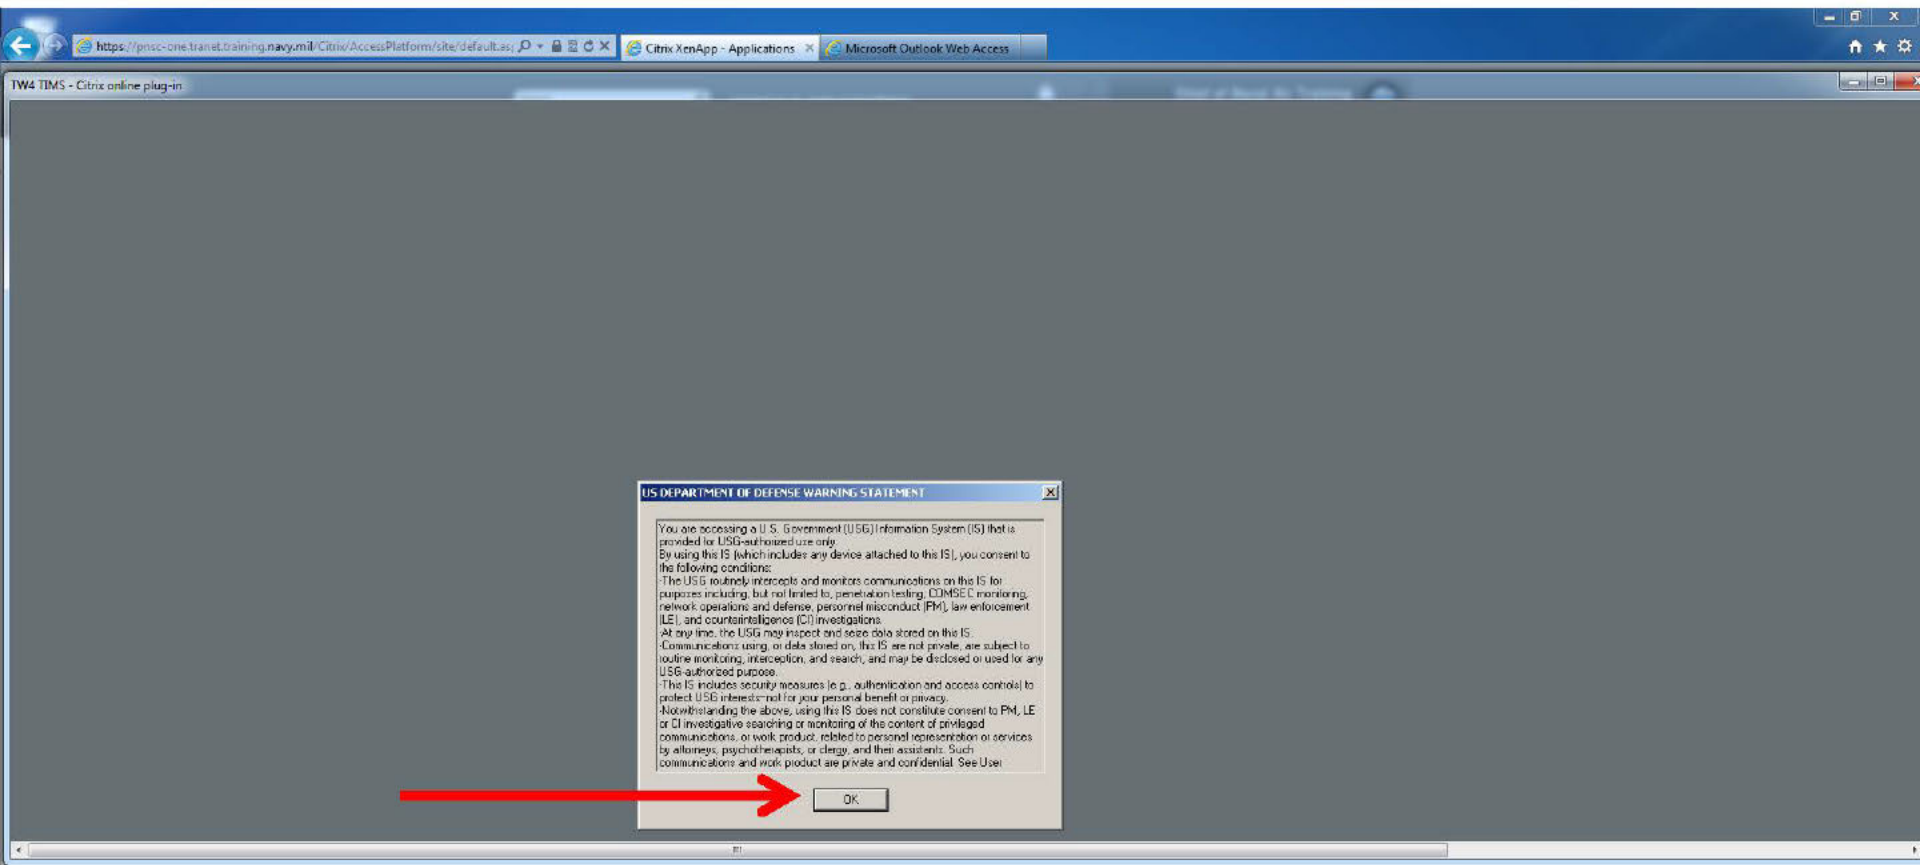

At the bottom of the page you will be prompted to open/save/cancel the launch.ica file.

Select "OPEN"

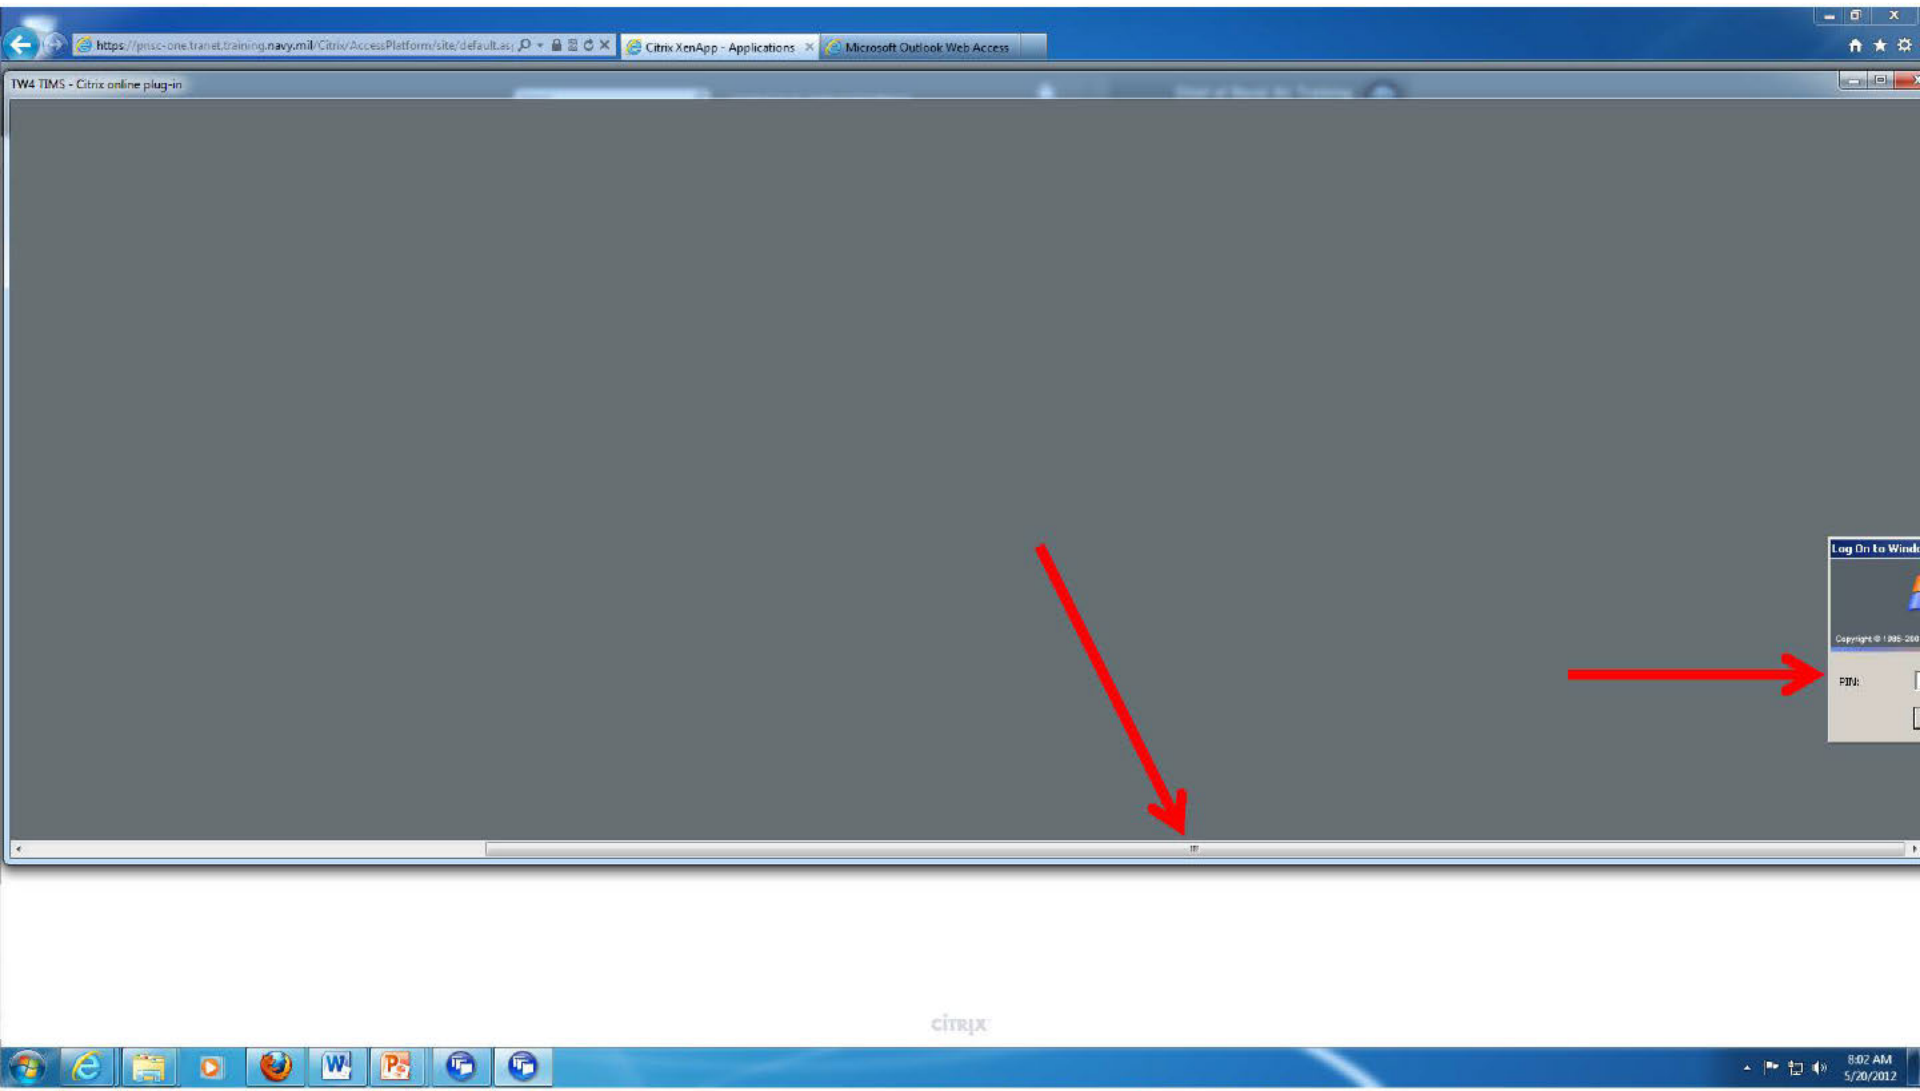

The screenshot shows a Citrix XenApp session. The browser address bar displays <https://pnsc-one.train.training.navy.mil/Citrix/AccessPlatform/site/default.aspx>. The user is logged in as **andre.m.jonckhoere**. The page content includes a "Main" section with a "TW4 TMS" icon and a "Select view" dropdown. A red arrow points to a dialog box at the bottom of the screen that asks: "Do you want to open or save **launch.ica** (1.45 KB) from **pnsc-one.train.training.navy.mil**?" The dialog box has three buttons: "Open", "Save", and "Cancel". The Windows taskbar at the bottom shows icons for Internet Explorer, File Explorer, and other applications, along with the system clock showing 8:01 AM on 5/20/2012.

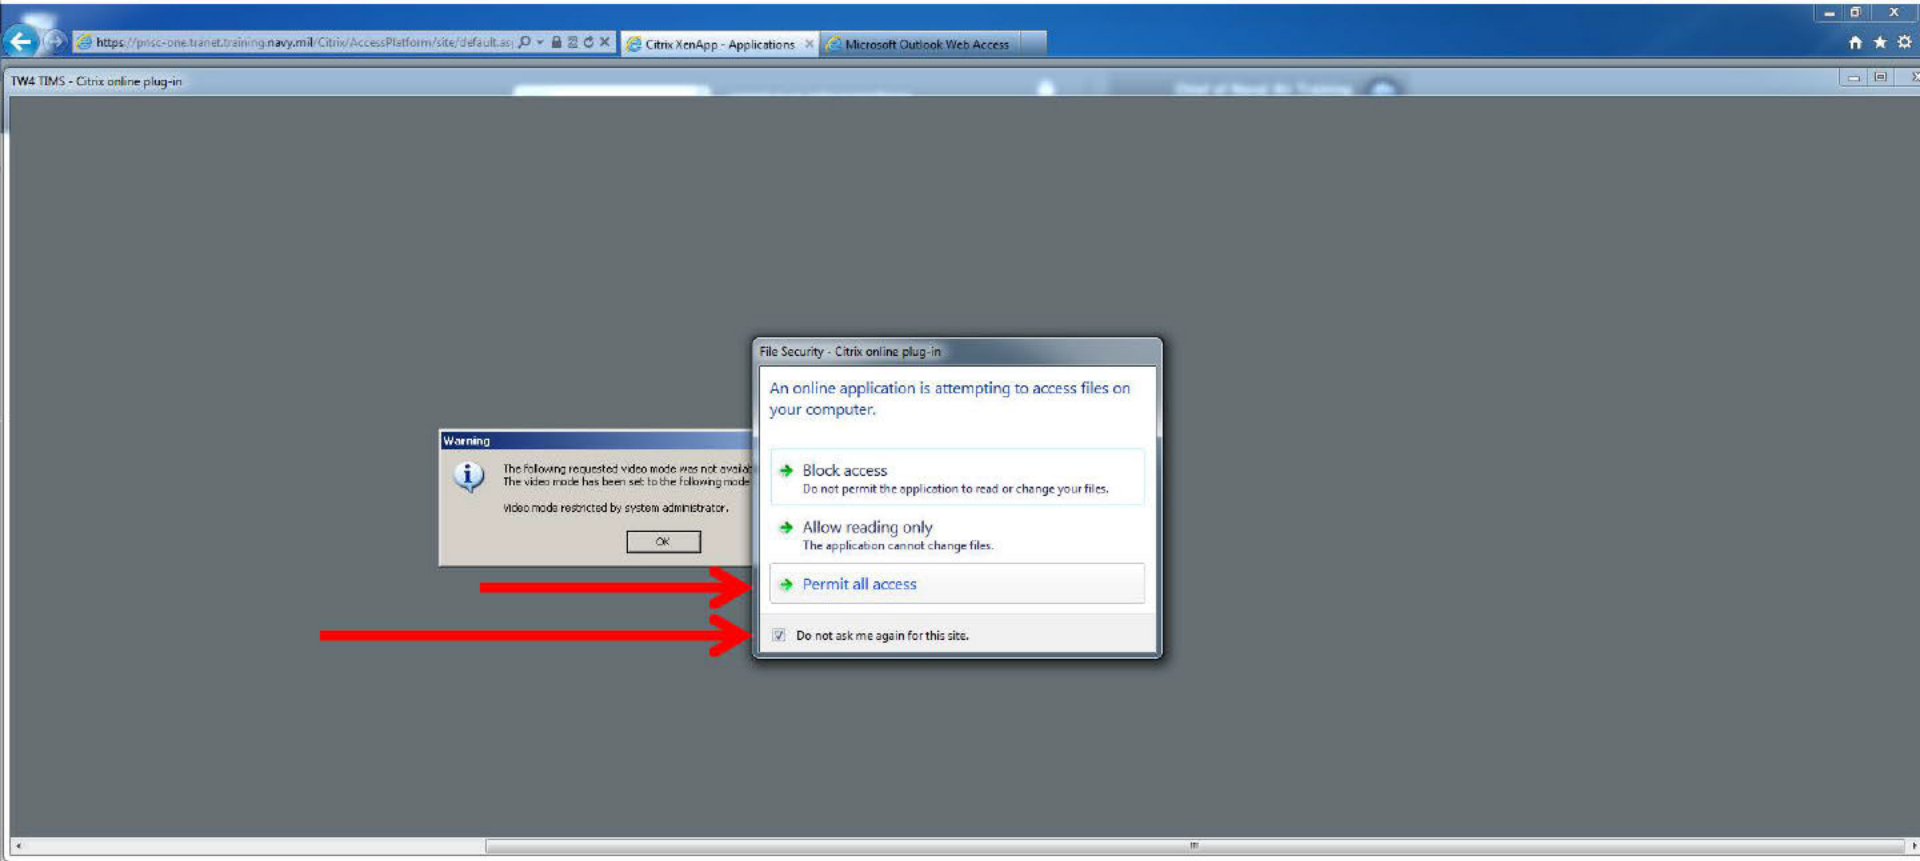

Continue through the normal prompts, you should hear the gentle opening chime of Windows once you get through the loading process (if you have your speakers on).

You may have to scroll to the right to enter your pin (I don't know if this is normal or the program is reacting to my double-wide, super-screen I have set up at home).

When/If prompted selected “Permit All Access” and check “Do not as me again...”

Arrange your desktop accordingly and have fun....yea.

The screenshot displays a Citrix desktop environment with several windows and a taskbar. At the top, the browser address bar shows <https://prisc-one.tranet.training.navy.mil/Citrix/AccessPlatform/site/defaults.aspx>. The desktop includes a 'TW4 TMS - Citrix online plug-in' window with a 'Myelin Board' containing 'Sunrise/Sunset', 'Weather', and 'Absence Request' widgets. Below these are 'Navy leave' and 'Marine Online' links. A calendar window shows dates for May 2012 and June 2012. A 'Tasks' window lists items such as 'Academic from [redacted] has been Approved for [redacted]' and 'No Ev from [redacted] has been Approved for [redacted]'. A 'Current Jebooks' window is open, displaying a table of student events.

Student	Event	Index	Event Type	Scheduled Start
[redacted]	[redacted]	1	Devco	[redacted]

Student	Event	Index
[redacted]	[redacted]	1
[redacted]	[redacted]	1
[redacted]	[redacted]	1
[redacted]	[redacted]	1

Student	Event	Event Type	Event Sub-Type	Status
[redacted]	[redacted]	Flight	T-44C	Submitted
[redacted]	[redacted]	Flight	T-44C	Submitted
[redacted]	[redacted]	Flight	T-44A	Submitted
[redacted]	[redacted]	Flight	T-44A	Submitted

The taskbar at the bottom contains icons for Internet Explorer, Firefox, and other applications. The system tray shows the time as 8:05 AM on 5/20/2012.
